NHD PROJECT DIRECTORY - ROXBURY
SECTION OVERVIEWS

*ROXBURY PLANNING

NHD seeks to expand economic opportunities that benefit residents of Boston's neighborhoods through the economic inclusion of the community in development. The department expands and enhances the supply of affordable housing and provides other desired neighborhood goods and services. Development activity in Roxbury encompasses a wide range of activities that include programs for individual parcels as well as planning initiatives for large tracts of land. The NHD Project Directory for Roxbury Housing and Economic Development activities is divided into the following sections:

*I. PLANNING AND ECONOMIC DEVELOPMENT INITIATIVES

The mission of economic and community development is: to stimulate the renewal of the Roxbury economy through targeted actions; to leverage private investment; and to provide adequate community infrastructure to support economic development and enhance the life style of the neighborhood. The goals of the program are to create a variety of permanent job appointments, to make opportunities available for ownership of businesses by area residents and to provide the commercial services desired by the neighborhood.

Commercial, institutional, mixed-use and other non-housing developments on BRA disposition parcels are coordinated by Owen Donnelly, Deputy Director for Neighborhood Economic Development.

- * Major economic development planning initiatives, such as short and long-range planning for Parcels 9 and 10, strategic planning for the Dudley Business District, and rezoning through the Roxbury IPOD process, cover broader issues such as light manufacturing zones and industrial reserve districts.
- * Major economic development projects, including Parcel 18 and the southwest corridor parcels, represent more than \$250 million dollars of investment and will create approximately 2500 permanent jobs.

*II. CAPITAL IMPROVEMENT PROJECTS

Capital improvement projects clearly reflect the magnitude of city investment in Roxbury. These improvements provide the infrastructure for leveraging private investment in areas of high public investment activity and enhance the life style of the neighborhood.

- * The 16 capital improvement projects currently funded represent an estimated investment of nearly \$14 million. Approximately 91% of the capital improvement funds are for infrastructure improvements, 4% are directed towards special studies, and other improvements are for parks and building repair.

*III. DISPOSITION HOUSING

NHD carries out the BRA's housing policy by developing programs and projects to expand the supply of housing in Boston's neighborhoods with an emphasis on achieving affordability. The department helps guarantee equal access for all minority and female head of households within the City of Boston to new affordable and market rate units.

- * Housing production on publicly-owned land over the next 2 years is estimated at over 1,000 units with a \$120 million dollars total development cost and more than 800 construction jobs.
- * A substantial portion of this affordable housing pipeline -- 305 units -- is under construction. The combined BRA/PFD pipeline for other 1989-1990 construction starts totals 688 housing units of which nearly two-thirds will be affordable.

NHD PROJECT DIRECTORY - ROXBURY
SECTION OVERVIEWS

- * Housing projects not yet under construction to be developed on BRA-owned parcels total 515 units. These include projects such as Garrison Trotter I and Infill II in 1989, Fountain Hill II, Winslow Court II, Parcels P-3A, PSB and Garrison Trotter II in 1990.
- * Other potential housing development sites are Parcels 9 & 10 along Melnea Cass Boulevard. The 60,000sf of Parcel 9 is jointly owned by the BRA and the Commonwealth while Parcel 10 is in public ownership and has been considered for mixed-use development.

*IV. SOUTH END DISPOSITION HOUSING

Disposition housing development in the South End is coordinated by Tom O'Malley, Director of South End Planning and Development. Three of these affordable housing developments fall within the Roxbury IPOD boundaries, and are summarized here.

- * As part of the South End Neighborhood Housing Initiative (SENHI), 3 major development projects comprising 205 new units of housing, of which two-thirds will be affordable to low- and moderate-income households, will be built in the Roxbury IPOD area.

*V. PFD AND PRIVATE HOUSING

This section contains basic information on other current public (PFD, BHA etc.) and private efforts to develop housing in Roxbury.

- * Including Parcel 22, major PFD housing developments underway or planned for the near future total 469 housing units. As many as two-thirds of the new units will be affordable to low- and moderate-income households.

*VI. SPECIAL PROJECTS

A wide variety of ongoing, planning and research, special disposition and development projects related to affordable housing and neighborhood economic development, are described in this section. The section also includes major administrative programs and initiatives.

- * Over the past 4 years the BRA has awarded grants and contracts totalling nearly \$1 million to Roxbury agencies, community development corporations and other community groups for planning and community development purposes.

*PROJECT BRIEFING: Parcel to Parcel Project 1

.Project Manager	* Anthony Williams/Pam Wessling
.History	* Columbia Plaza Associates, selected in June of 1987 through a competitive process to be the minority development partner, will receive at least 30 percent equity interest in the two projects.
.History	* Metropolitan Structures was selected March 1988 by CPA, the City, the State, and both the Chinatown and Roxbury communities to co-develop the Kingston-Bedford and Parcel 18 sites. The development partnership is called Metropolitan/Columbia Plaza Venture.
.Overview	* The first Parcel to Parcel Linkage project links the city-owned Bedford Street parking garage and a parking lot on Essex Street with Parcel 18, a state-owned site in Roxbury.
.Overview	* The Kingston-Bedford site is being proposed principally as a commercial development. Preliminary plans call for a mix of office space, retail shops, parking, and a network of attractive public spaces and pedestrian walkways that provide easy access to buildings in the Financial District and Chinatown.
.Overview	* The Parcel 18 site is being proposed to accommodate a major commercial center with two mid-rise office buildings, retail space, hotel uses, a community and cultural center, and an underground garage.
.Overview	* Community benefits as described in the Draft Memorandum of Understanding include: the Community Development Fund, Housing and Jobs Linkage (pursuant to BZC Articles 264, B); application of the City's Resident Jobs Policy to both construction and permanent jobs created through the developments, on-site child care facilities; 30% MBE/WBE utilization goal for all associated contracts plus technical assistance and outreach for MBE/WBEs; \$100,000 challenge (planning) grant for the Neighborhood Council and Task Force; \$400,000 challenge grant for developing minority capacity to obtain management level positions in the real estate industry; 30% MBE retail goal; small business "incubator" space and program; and employment notice centers in the communities,
.Overview	* Housing Linkage will be committed through Housing Creation, with the funds from both developments to be split evenly between the Roxbury and Chinatown communities to support the development of Parcel 22 in Roxbury and Parcels R3 and R3A in Chinatown (a.k.a. Parcels A and B)

*PROJECT BRIEFING: Campus High Parcel P-3/NCAA

- .Project Manager * Phil Zeigler
- .History * Tentative Designation of the National Center for Afro-American Artists as co-redeveloper of the site. NCAA will work with the BRA to draft an RFP and select a developer for the site. Proceeds from the development of P-3 will be used to assist other NCAA planned developments in the area. 6/88
- .Overview * Development will leverage funds to complete other developments planned by the National Center for Afro-American Artists.
- .Status/Issues * Community approved RFP with Board Memo authorizing advertisement are prepared. Board Action is delayed until final decision is made on siting of future Public Safety headquarters.
- .Milestone * Authorization to Advertise RFP Est. 7/89

*PROJECT BRIEFING: NCAAA Planning/Other planned developments

- .Project Manager * Phil Zeigler
- .Overview * The National Center for Afro-American Artists has embarked upon an inspiring venture to finance capital improvements for its facilities and to establish an endowment fund for its operations.
- .Overview * The institutional development plan envisions the rehabilitation of the Elma Lewis School of Fine Arts, the restoration of the Museum of the NCAAA, the reconstruction of the Playhouse in the Park, and the construction of a new Performing Arts Center.
- .Overview * The State has allocated \$4 million toward the NCAAA facility capital improvements through the Roxbury Heritage State Park Program.
- .Status/Issues * Campus High Parcel P-3, a 6.78 acre site at Tremont and Whittier Streets, has been identified as a potential source of NCAA linkage funds. RFP prepared, awaiting final decision on P-3 future use.

*PROJECT BRIEFING: Blair Site

- .Project Manager * Owen Donnelly
- .Overview * Planning efforts with the Dudley Merchants Association and other neighborhood groups focus on both short-term uses and long-term development plans.

NHD PROJECT DIRECTORY - ROXBURY
I. PLANNING AND ECONOMIC DEVELOPMENT INITIATIVES

.Status/Issues * The site has been mentioned as a possible site for a new Public Safety headquarters.

*PROJECT BRIEFING: Campus High Parcel P-2C/New Roxbury Post Office

.Project Manager * Owen Donnelly
.History * Final Designation 9/88
.Overview * Parcel P-2C is a 115,000 square foot parcel bounded by Roxbury Street and Shawmut Ave. next to Madison Park High School and the Hubert Humphrey Occupation Center.
.Overview * Estimated total development cost is \$9.2 million.
.Milestone * All approvals by the regional and Washington office of the US Postal Service are expected by June of 1989.
.Milestone * Working Drawings Est. 2/90
.Milestone * Groundbreaking Est. Spring 1990
.Milestone * Certificate of Completion Est. Summer 1992

*PROJECT BRIEFING: Campus High Parcel R-14/Cultural Center

.Project Manager * (Muhammad Abdus-Sabur)
.History * The Muslim Council of Boston has requested the use of Roxbury land to construct a Mosque facility. Parcel R-14, located at the corner of Elmwood and New Dudley Streets and is comprised of approximately 70,000 sf of vacant land, was identified as a potential development site.
.Overview * The parcel is jointly owned by the City and the BRA, and contains an easement for access to an abutting condominium project.
.Status/Issues * In the interest of fairness, the Highland Park Joint Disposition Committee has recommended the following disposition process: BRA uses RFP process to develop RFP site development specifications. BRA then issues RFP for cultural center or cultural use on the site.
.Milestone * RFP drafted and ready for release est. 7/89
.Milestone * RFP drafted and ready for release est. 9/89

*PROJECT BRIEFING: Campus High Parcels SR-14/P-3A

.Project Manager * Owen Donnelly
.Overview * Adjoining Parcel P-3 (currently designated to NCAAA) and across Tremont Street from Parcel 18, these parcels total approximately 67,000 sf, split in ownership among the City, the BRA, and the State (DCPD).
.Status/Issues * Planning for these parcels will be conducted in conjunction with short and long term planning for nearby Southwest Corridor Parcels 9 and 10.

*PROJECT BRIEFING: Dimock Community Health Center

.Project Manager * Owen Donnelly
.Overview * The revitalization and expansion of the Dimock community Health Center (DCHC), which occupies a nine acre campus of historic buildings in Roxbury, centers on a capital fund raising plan for real estate improvements.
.Overview * The goal is to raise enough funds to enhance the Center's ability to provide quality health care and social services to the community through rehabilitating and reusing this historic campus; roughly half of the estimated \$14 million total development cost must be raised through charitable contributions.
.Overview * The phased rehabilitation plan is expected to be accomplished over the next eight to ten years if fund raising can be coordinated carefully.
.Status/Issues * The BRA is considering conveying land to DCHC, which is exploring the option of forming a joint venture for the

NHD PROJECT DIRECTORY - ROXBURY

purpose of planning the project.

*PROJECT BRIEFING: Dudley CARD

.Project Manager * Owen Donnelly
.Overview * The Dudley Business District's classification as a Commercial Area Revitalization District (CARD) qualifies the area for the State's office space leasing program.
.Status/Issues * The State has committed to lease approximately 100,000 sf of office space in the Dudley Stateion area pending the rehabilitation of buildings in the area by the end of 1989.

*PROJECT BRIEFING: Dudley Commercial Area Planning Study

.Project Manager * Owen Donnelly
.Overview * A major component of the BRAs effort to rebuild the economy of Roxbury; address the deterioration of the business district which has accelerated in recent years due largely to major changes in the transportation facilities serving the Southwest Corridor Area.
.Overview * A physical development plan and implementation program will be prepared to upgrade and improve the district.
.Overview * The BRA is working closely with the Dudley Merchants Association, Dudley area property owners, the Roxbury Neighborhood Council and other neighborhood groups interested in the project.
.Overview * Planning will be carried out within the context of the Roxbury IPDD. The project will encompass the IPDD's Dudley Square planning subdistrict and incorporate the Dudley Terminal special study area as well.
.Overview * Key goals are to increase the present level of private investment, encourage investment in building rehabilitation, assist in efforts to redevelop the Dudley Terminal and make the necessary public improvements in streetscape, parking, and open space to make the area more attractive and functional.

*PROJECT BRIEFING: Dudley Square/Stull & Lee

.Project Manager * Owen Donnelly
.History * Authorization to extend (additional \$35,000, twelve months) existing consultant contract, 5/89, General scope of services to prepare physical development plan and an economic development program for the Dudley Square Business District.
.Overview * Planning and implementation study to address many of the issues described above under Dudley Commercial Planning Study.
.Status/Issues * Finalizing scope of services (to include study of urban design and building uses in Dudley Square).
.Milestone * Contract complete and executed Est. 6/89

*PROJECT BRIEFING: Dudley Street Neighborhood Initiative

.Project Manager * Andrea D'Amato
.Project Manager * PFD will help assemble the 15 acres of vacant public land with the needed vacant private land.
.History * The BRA has authorized DSNI to form a 121A Urban Redevelopment Corporation with eminent domain powers in November of 1988.
.Overview * DSNI is a community group formed to stem the tide of disinvestment in the Dudley Triangle Area of Roxbury. Their immediate goal is to develop scattered, small size plots of vacant public and private land to construct approximately 500 units of low and moderate income

*PROJECT BRIEFING: Roxbury Heritage State Park

- .Project Manager * Joan Smith
- .Project Manager * Project is managed by a small committee supported by the State Department of Environmental Management.
- .History * Administrative conference held in May 1989 to pull together State and local agencies and re-initiate planning for the project.
- .Overview * In conjunction with the Roxbury Heritage State Park program, the BRA will convey to RHSP a number of small open space parcels in the Dudley Square area.
- .Overview * The development of the Roxbury Heritage State Park includes the rehabilitation of the Dillaway-Thomas House along with parking and support facilities as a visitor center, open space and pedestrian improvements in the John Eliot Square area, and the formulation and operation of a variety of educational programs regarding the history of Roxbury.
- .Status/Issues * Questionnaire sent out by RHSP as follow-up to the administrative conference to identify what agencies, monies and purposes are involved.
- .Status/Issues * State funding a major issue.
- .Milestone * Memorandum of Understanding, site leases prepared est. 7/89.

*PROJECT BRIEFING: Roxbury Investment Corporation

- .Project Manager * Andrea d'Amato
- .History * Document describing Corporate Models completed 5/89.
- .Overview * A BRA research effort to help determine the best and most appropriate corporate structure for a community controlled entity which will stimulate private investment in the Roxbury area.
- .Overview * A four phased strategy has been designed to determine the potential corporate model, activity profile, financial portfolio and investment strategies for the RIC. Each phase will involve extensive community review and participation.
- .Status/Issues * Preliminary research work has been conducted by the BRA; in the near future a working committee comprised of Roxbury experts in various areas of economic development and community enterprise will be established to review and guide the formation of the RIC.
- .Milestone * Activity Profile Document est 6/89.
- .Milestone * Financial Portfolio Document est. 7/89.

of comprehensive planning studies into a rezoning of the area which ensures that future development is compatible with the goals of the community.

.Overview * The IPDD is a community-based BRA planning and zoning initiative in which Planning and Zoning Advisory Committees in sub-neighborhoods (SPZACs) review zoning policies and potential development strategies in the area.

.Milestone * Completion of the planning process - draft permanent zoning ready for review - Est 9/89

*PROJECT BRIEFING: Southwest Corridor Parcels 9 & 10

.Project Manager * Owen Donnelly

.Overview * Parcel 9 lies entirely within the South End Urban Renewal Area and is 54,229 sf; Parcel 10 lies partially in the South End Urban Renewal Area and is 89,522 sf.

.Overview * The BRA owns the majority of Parcel 9, which lies in an Affordable Housing Reserve area and thus involves the BHA in planning discussions, and a portion of Parcel 10. The BRA expects to acquire the balance of the sites from the State (DCPD) and the City. Land was originally obtained by State for construction of the inner belt.

.Overview * A number of development scenarios have been considered for the sites including mixed-income housing, commercial or retail space, and mixed-use development.

.Status/Issues * Progress on Parcel 9 planning is on hold pending the final decision on the siting of a new Public Safety headquarters in the area.

*PROJECT BRIEFING: Southwest Corridor Parcels 17/NU Parking Garage

.Project Manager * Owen Donnelly

.Overview * Parcel 17x is planned for the redevelopment of a \$35 million dollar school track facility.

*PROJECT BRIEFING: Southwest Corridor Parcel 17x/School Track

.Project Manager * Owen Donnelly

.Overview * Parcel 17 is planned for a parking garage containing 995 spaces, to be completed by Northeastern University at a cost of \$9 million.

*PROJECT BRIEFING: Washington Park Parcel F-6 (Grove Hall)

.Project Manager * Dave Baker

.Overview * Street address is 461-465 Blue Hill Ave.

.Overview * Conveyance of parking lot to PFD to allow for use of CDBG funds to revitalize and upgrade. Following construction, lot will be leased to Neighborhood Development Corporation for continuing maintenance.

.Milestone * Authorization to Convey to PFD for construction of parking lot Est. 6/89

.Milestone * Groundbreaking Est. 7/89

.Overview * Planning the development, rezoning, and disposition policies for this area requires coordination with the Washington Street Corridor Coalition, Heritage Park plan, and a number of public agencies and community groups that own, control, or have an interest in property along the corridor.

.Overview * The planning goal is to prevent displacement of residents and small businesses and encourage community based uses that provide services to the community.

.Overview * Financial resources include loans to small businesses through the PFD stabilization fund.

.Milestone * Expiration of Stull & Lee contract period, 7/89.

*PROJECT BRIEFING: Washington Street Replacement Service/MBTA

.Project Manager * Owen Donnelly

.Overview * The BRA is also monitoring MBTA plans for replacement service for the El along Washington Street, to Dudley. The alternatives being considered are light rail vehicles (LRV), diesel bus, and electric bus (trackless trolley).

.Status/Issues * Current MBTA estimates for Washington Street replacement service are \$20 million for design and Washington Street construction (Phase I) and \$80 million for implementation and Green Line connection (Phase II). 30% of the design plans to be completed by early 1990.

II. CAPITAL IMPROVEMENT PROJECTS

*II. CAPITAL IMPROVEMENT PROJECTS

Capital improvement projects clearly reflect the magnitude of city investment in Roxbury. These improvements provide the infrastructure for leveraging private investment in areas of high public investment activity and enhance the life style of the neighborhood.

* The 16 capital improvement projects currently funded represent an estimated investment of nearly \$14 million. Approximately 91% of the capital improvement funds are for infrastructure improvements, 4% are directed towards special studies, and other improvements are for parks and building repair.

III. DISPOSITION HOUSING

*III. DISPOSITION HOUSING

NHD carries out the BRA's housing policy by developing programs and projects to expand the supply of housing in Boston's neighborhoods with an emphasis on achieving affordability. The department helps guarantee equal access for all minority and female head of households within the City of Boston to new affordable and market rate units.

- * Housing production on publicly-owned land over the next 2 years is estimated at over 1,000 units with a \$120 million dollars total development cost and more than 800 construction jobs.
- * A substantial portion of this affordable housing pipeline -- 305 units -- is under construction. The combined BRA/PFD pipeline for other 1989-1990 construction starts totals 688 housing units of which nearly two-thirds will be affordable.
- * Housing projects not yet under construction to be developed on BRA-owned parcels total 515 units. These include projects such as Garrison Trotter I and Infill II in 1989, Fountain Hill II, Winslow Court II, Parcels P-3A, P3B and Garrison Trotter II in 1990.
- * Other potential housing development sites are Parcels 9 & 10 along Melnea Cass Boulevard. The 60,000sf of Parcel 9 is jointly owned by the BRA and the Commonwealth while Parcel 10 is in public ownership and has been considered for mixed-use development.
